REPORT OF SUPERINTENDENT OF SCHOOLS

To the Shool Board and Citizens of Gilsum :

I herewith submit my second annual report as Superintendent of Schools:

Considerable concern is being shown throughout the nation over the shortage of capable teachers for our schools. Practically every magazine and daily paper has articles and editorials on this subject, stressing the major causes and outlining methods of alleviating the condition. If the public had been willing to recognize this problem a generation ago we might have sufficient teachers today to fill our classrooms.

The teacher-situation in New Hampshire is worse than last year, and the outlook for the future is no better. Only a few prospective teachers are enrolled in our Teachers College, despite the large numbers in attendance.

The State Board of Education is sponsoring a new State Aid plan which should, if passed by the legislature, do much to relieve the towns of excessive property taxation for school purposes. The plan has been presented in our public press and should be familiar to every citizen.

There are a number of repairs that should be made to the school building as soon as labor and materials become available. The past few years it has been nearly impossible to get any kind of work done. The roadway should be regraded with a permanent surface built. It is difficult to maintain a gravel road on a side hill without having it washed away with every rain. The outside of the building needs painting, and the windows should be reputted.

ENROLLMENT, JANUARY 7, 1947

Grade	1	2	3	4	5	6	7	8	Total
Village Primary	16	8	10						34
Village Intermediate				9	14	4			27
Village Advanced						3	12	13	28
	—	—	—	—	—	—	—	—	—
Total	16	8	10	9	14	7	12	13	89

The water committee has made considerable progress in locating water and obtaining rights to use it. It is hoped to have actual construction work done as soon as the ground is workable this spring.

While the water is being installed it would be an excellent thing to have proper sewage disposal facilities installed so that adequate toilet and sink arrangements could be made. The present septic toilets are nearly worn out, and will have to be replaced within a few years, anyway. The sink drainage is only makeshift and should be properly fixed at once.

The new P.T.A. gave gifts to the children at Christmas time. This new organization should do much to bring about a greater spirit of cooperation among the parents, teachers, and children.

Electric clocks have been installed in all of the rooms, and the desk tops have been sanded and revarnished.

The American Legion Auxiliary has taken an interest in the school this year, giving a radio last spring and a Christmas party this winter.

Number of pupils given 2nd dose 4/29/46	31
Number of pre-school given 2nd dose 4/29/46	8

Dr. Ivan N. Keim, Stoddard, gave the toxoid. He was assisted by Miss Elizabeth Carriel R. N., State Board of Health, and Miss Margaret E. Harris R. N., school nurse.

Dr. J. Harvey Grimes conducted the school dental clinic, at which 30 pupils were cared for.

Number given tests with the audiometer	61
Number of school visits	79
Number of home visits	22
Number of classroom inspections,	10

I thank the superintendent of schools, teachers, members of the school board, parents and pupils, for their cooperation in the health work.

Respectfully submitted,

MARGARET E. HARRIS, R. N.

STATISTICAL REPORT OF 1945-46

Total registration	93
Average membership	83.11
Per cent of attendance	92.14
Cases of tardiness	102
Number of pupils not absent or tardy	3
Visits of superintendent	69
Visits by citizens and others	42
Visits by school board members	15
Half-days schools were in session	356

The attendance is improving but there are still some pupils who stay out unnecessarily. The parents should insist on regular and punctual attendance at school. Only through cooperation by the parents and teachers can we gain the results desired.

I wish to thank the members of the School Board, teachers, parents and pupils for their cooperation during the year.

THERON B. THOMPSON,
Superintendent of Schools.

HELP YOUR FOREST FIRE WARDEN PREVENT FIRES—IT PAYS!

The prevention of forest fires is the most important and difficult part of the work of your forest fire warden who heads a local organization set up primarily for the security of your community's forest property. The importance and value of the work of the forest fire warden and his deputies is, perhaps, best appreciated during hazardous periods when fire danger is greatest. The public, however, looks to him at all times for speedy and economical suppression of going fires

To properly fulfill his mission, the warden needs the generous and understanding cooperation of the public at large. He attempts to secure this cooperation by the posting of caution notices, news items and by word of mouth, always carefully explaining the necessity of restrictions imposed. In the matter of giving cooperation, however, the public often fails. The record shows that an average of 7,300 acres of woodland are burned over by forest fires in New Hampshire each year. Analysis of fire causes reveal the fact that more than 98 percent of all forest fires are, consistently, the result of human carelessness and are preventable.

The careless smoker fails to properly extinguish his cigar, cigarette or pipe ashes or thoughtlessly throws them from the car window; the debris burner fails or refuses to consult the warden, as the law requires when the ground is not covered with snow, before attempting to burn; campers fail to properly extinguish their fires or frequently build fires when conditions are unfavorable.

Remember these rules:

1. Use ordinary common sense with fire in and near woodland.
2. Comply with requirements on the use of fire in and near woodland and when the ground is not covered with snow, secure written permission to burn from the forest fire warden.
3. Be careful when smoking in or near woodlands. Don't throw lighted material from moving vehicles.
4. Cooperate with and assist the warden and urge others to do so.
5. **HELP YOUR FOREST FIRE WARDEN PREVENT FIRES—**his efforts are only as effective as is the cooperation you give him!
